RE: Zion Church, PCA Church Fire

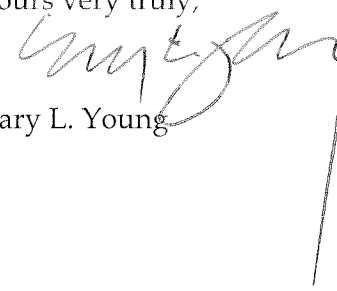

Dear Chief Wright:

I am writing to extend my personal thanks for the efforts of the firefighters and leadership of the Lincoln Fire and Rescue as first responders to the fire at Zion Church. I am one of the lay leaders at Zion, and I also live at 920 D St. I had the misfortune of watching the fire burn down our church from the earliest moments following the arrival of the fire trucks.

As I am personally very familiar with the quality of the firefighters in your department, I was not surprised by the quality of their response. Nevertheless, having personally experienced the helpfulness and compassion of your firefighters in the way that I and many of our church community did on Saturday morning, I am very grateful.

Furthermore, please be aware that our church continues to lift up the firefighters that were injured in the fire in our prayers.

Yours very truly,

Gary L. Young
